

# Surveillance Security System

## Chapter 2

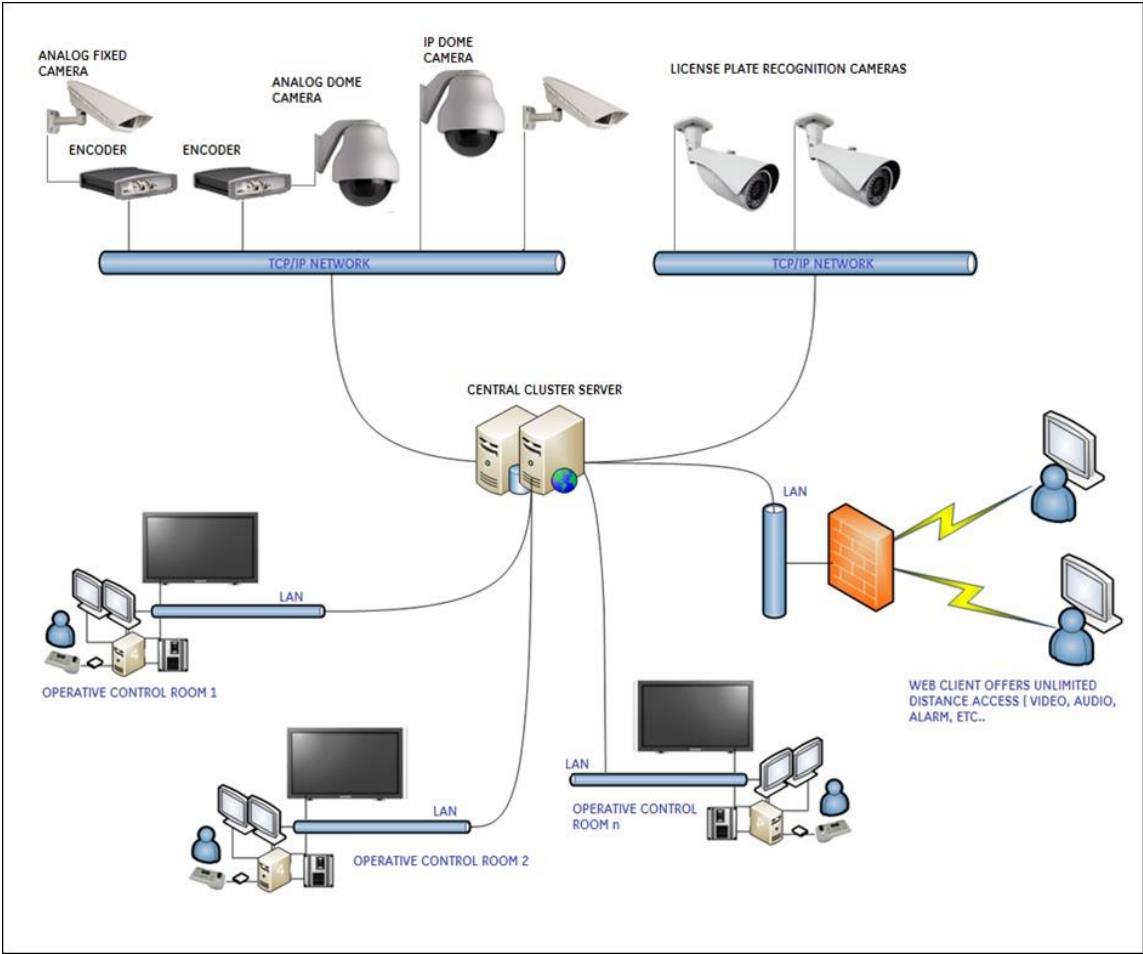

Prepared By

Afifa Hoque

Jr. Instructor

DIIT, CTG.

# Construct a Video Surveillance System

# Difference between digital cctv and analog cctv

**ANALOG CCTV**  
(Hard wired, difficult to scale, "Octopus" architecture)

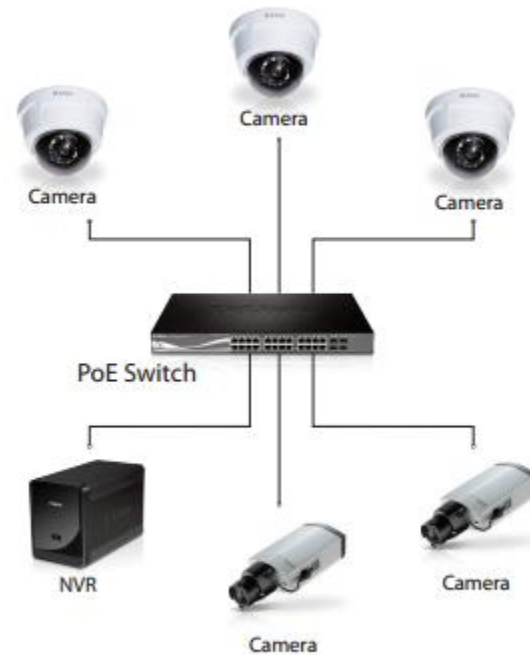

*Fixed number of cameras and storage.*

vs.

**IP SURVEILLANCE**  
(Flexible, scalable, open architecture)

*Easily scale any installation as your needs and budget grow.*
